

**Sustainability Manager
San Francisco Bay Area**

The Bridge Group is seeking an experienced Sustainability Manager to work exclusively with one of our clients. The position will be based in Sunnyvale, CA although there may be some visits to other sites within the Bay Area. The Sunnyvale site is a combination of office space and lab space used in research and development efforts.

Responsibilities will include:

- Create a sustainability program for each site including developing wellness initiatives and events
- Collaborate with the project management team to be an advocate for the owner's needs in new buildings
- Look for ways operationally to boost each site's sustainability
- Work with the product team to come up with more sustainable ways to produce our clients' products
- Develop a customized sustainability action plan for our client
- Evaluate existing sustainability standards within the company and their application to our client's program

Qualifications:

1. Bachelor's degree in a related field preferred
2. 5+ years experience in the sustainability field
3. Passion for sustainability and wellness
4. Proficiency in MS Office (with a focus in Excel)
5. Proven communication and presentation skill
6. Experience multitasking and working independently in a fast-paced environment
7. Excellent communication skills, both written and verbal
8. Detail oriented
9. Innovative thinker, good communicator
10. Excellent communicator and team player

Compensation:

1. Competitive salary
2. Health, dental, vision, life coverage
3. Retirement plus company matching
4. Generous PTO policy
5. Education Reimbursement
